Camp For All Tiered Pricing Explained

Camp For All - Our YMCA understands families have different abilities to pay for summer camp. We are committed to making the life-changing experience of summer camp and BOLD & GOLD Outdoor Leadership trips available to all. We have adopted a 4-tier pricing program for our summer camp. Please consider the tier descriptions below and choose the tier that is most suitable for your family. No proof of financial need is required for tiers 1 - 3. Your selection is confidential and will not affect your child's experience at camp in any way.

Tier 1 - Most accurately reflects the true cost of camp including, but not limited to, general overhead, equipment and facility maintenance, capital improvements and staffing. If you are able to pay this amount, please do so.

Tier 2 - Reflects the basic cost of attending camp including food, staff, program supplies and limited maintenance expenses. This partially subsidized rate is made possible through the efforts of our hard-working volunteers and loyal donors.

Tier 3 - Is a more significantly subsidized rate for families whose children would not otherwise be able to attend camp. It is always our desire to partner with parents in providing a camp experience.

Tier 4 - Is offered to campers with demonstrated need who qualify for financial assistance through our Strong Kids Campership Program.

Overnight Camp 2024

Overnight Camp is available for children age 7 - 16.

Please note the following excerpts from the Parent Handbook and sign page 1 acknowledging you have read this information

The full Parent Handbook can be found on our website at <http://www.camphirock.org/resources.php>.

1. No camper will be admitted to camp without a completed Hi-Rock medical form documenting: a.) a physical examination conducted within one year prior to attendance at camp & signed by a physician; b.) a completed vaccination record showing current compliance with Massachusetts Public Health Code; and c.) a copy of health insurance information.
2. All camp balances are due by June 1. After the due date, fees are only refundable if camper is unable to attend for medical reasons verified in writing by a physician. **Camper who leave due to homesickness or violation of the Camper Code of Conduct will not be given a refund.**
3. Financial assistance application forms are available upon request.
4. Changes to this form must be made in writing and submitted to the office, including session dates, transportation requests, emergency contacts, specialty activity sign ups, and cabin mate requests.
5. The camp administration will make every attempt to ensure that campers are placed in cabins with other children of the same grade and/or level of social and emotional development. Parents are welcome to contact us to provide any information that will be helpful to this effect. Campers should not expect to be placed in any particular unit since the overall distribution of ages varies each year and each session, depending on enrollment.
6. Please be sure to read all medical information forms on the Parent Dashboard.

Health and Safety Policy Highlights

1. Daily medical care is provided by the medical staff in accordance with our standing orders from our consulting medical practice, Macony P.C. Our medical staff is available 24 hours a day. A sick call is available periodically throughout the day for mildly ill campers. First aid kits are kept in the program areas and the campers' living areas. They are also carried on hikes and overnight trips. The majority of first aid will be administered by the medical staff. The general staff will administer first aid when necessary. Individuals administering first aid are qualified in at least basic first aid. Staff members will call for assistance in any situation where procedure is unclear.
2. Medications of any kind, including over-the-counter medications and vitamins, can only be administered with a current and complete YMCA Camp Hi-Rock Medication Administration Release form, signed by both the parent/guardian and the prescribing physician. All medications will be locked in the camp infirmary. All administration of medication will take place under the direct supervision of camp medical staff. Should a medication be required to be kept on the camper's person, a physician must provide a written authorization for the medication to be with the camper at all times (usually in the case of albuterol or epinephrine). YMCA Camp Hi-Rock has standing orders to administer some typical over-the-counter medications as deemed necessary by our medical staff, including acetaminophen (Tylenol), Benadryl, milk of magnesia, oxygen, VoSol (ear drops), oral glucose, Chloraseptic, activated charcoal, and others as deemed necessary by our consulting physicians. Medications given per standing orders do not require a Medication Administration Release.
3. Emergency medical care is administered by the medical staff, and, if necessary, campers will be transported to a hospital or doctor's office for further treatment. In the case where the camp emergency vehicle is inadequate given the patient's needs, or in any other case deemed necessary by camp staff, the Emergency Medical System will be activated.
4. The camp must comply with the regulations of the State of Massachusetts Department of Public Health and be licensed by the local Board of Health.
5. Copies of our background check, complete health care and discipline policies and our procedures for filing grievances are available to parents upon request.

Additional Programs at Camp Hi-Rock

Leader In Training Program - Program A: 6/23 - 7/20; Program B: 7/21 - 8/17 The LIT program is a four-week program for sixteen year-olds or teens entering their junior year of high school. Participants will develop leadership skills through a variety of activities with an emphasis on working with children. LITs attend workshops addressing topics including child development stages, positive leadership tactics, and the role of a camp counselor. LITs will practice their skills by working with campers under the supervision of camp staff. The fee for each four-week program is listed on the LIT Application. For more information, please visit: <http://camphirock.org/camps/overnight-camp/lit-program/>

Parent / Guardian Authorization For Health Care

This health history is correct and accurately reflects the health status of the camper to whom it pertains. The person described has permission to participate in all camp activities except as noted by me and/or an examining physician. I give permission to the physician selected by the camp to order x-rays, routine tests, and treatment related to the health of the applicant for both routine health care and in emergency situations. If I cannot be reached in an emergency, I give my permission to the physician to hospitalize, secure proper treatment for, and order injection, anesthesia, or surgery for this applicant. I understand the information on this form will be shared on a "need to know" basis with camp staff. I give permission to photocopy this form. In addition, the camp has permission to obtain a copy of the applicant's health record from providers who treat the applicant and these providers may talk with the program's staff about the applicant's health status.

YMCA Camp Hi-Rock Minor Participant Waiver, Release, Indemnification of All Claims, Covenant Not to Sue, Permissions & Acknowledgments

PLEASE READ CAREFULLY. THIS DOCUMENT AFFECTS YOUR LEGAL RIGHTS AND IS LEGALLY BINDING. BY SIGNING THIS AGREEMENT YOU ARE RELEASING YMCA CAMP HI-ROCK AND THE CENTRAL CONNECTICUT COAST YMCA FROM ALL LIABILITY AND FOREVER GIVING UP ANY CLAIMS THEREFORE

Assumption of Risk: I, in my legal capacity as parent/guardian of the minor named below ("Minor"), acknowledge and agree that any use of YMCA Camp Hi-Rock or Central Connecticut Coast YMCA facilities, services, equipment and premises ("Facilities") and any participation in YMCA Camp Hi-Rock or Central Connecticut Coast YMCA programs and activities ("Programs") comes with inherent risks including, but in no way limited to: (1) moderate and severe personal injury, (2) property damage, (3) disability, (4) death, and (5) sickness or disease. I voluntarily, for myself and Minor, accept and assume full responsibility for these risks as well as any and all other risks of the use of Facilities and participation in Programs. I agree that I have full knowledge of the nature and extent of all such risks and am not relying on all such risks being described in this document.

Waiver, Release, Indemnification & Covenant Not to Sue In consideration of Minor's use of Facilities and participation in Programs I, in my legal capacity as parent/guardian of Minor, agree on behalf of myself and Minor that YMCA Camp Hi-Rock and the Central Connecticut Coast YMCA, their officers, directors, agents, employees, volunteers, insurers and representatives ("Releasees") will not be liable for any personal injury, property damage, disability, death, sickness or disease incurred by Minor, however occurring including, but not limited to, the negligence of Releasees. I understand that Minor and I will be solely responsible for any loss or damage, including personal injury, property damage, disability, death, sickness or disease sustained from the use of Facilities and participation in Programs.

I further agree, in my legal capacity as the parent/guardian of Minor, on behalf of Minor, myself, and any and all legal successors and proxies, to release and **HEREBY DO RELEASE, WAIVE AND COVENANT NOT TO SUE** Releasees from any causes of action, claims, suits, liabilities or demands of any nature whatsoever including, but in no way limited to, claims of negligence, which Minor, myself, and any and all legal successors and proxies may have, now or in the future, against Releasees on account of personal injury, property damage, disability, death, sickness, disease or accident of any kind, arising out of or in any way related to the use of Facilities or participation in Programs, whether that participation is supervised or unsupervised, however the injury or damage occurs, including, but not limited to, the negligence of Releasees.

In further consideration of the use of Facilities and participation in Programs, I, in my legal capacity as parent/guardian of Minor, agree on behalf of myself and Minor to **INDEMNIFY AND HOLD HARMLESS** Releasees from any and all causes of action, claims, demands, losses, suits, liabilities or costs of any nature whatsoever, including claims of negligence, arising out of or in any way related to the use of Facilities and participation in Programs.

Other Permissions and Acknowledgments: I consent to the aforementioned camper participating in any YMCA Camp Hi-Rock programs or activities, either on or off camp property.

I give the camp medical staff permission to treat and administer medication as deemed necessary by camp health care staff or to administer medication or treatment prescribed by the camp's local physician should this become necessary. I understand that the camp medical staff may be unable to

contact me at the time when medical treatment is necessary and therefore grant permission for them to seek and administer such treatment and medication prior to contacting me for further permission. In the event that my child should need further medical treatment while at camp, I give the camp medical staff permission to order x-rays, routine tests, or treatments that may require hospitalization. I give the camp permission to transport my child or to activate emergency medical transportation for my child. I fully release YMCA Camp Hi-Rock and its agents from any liability in connection with those decisions. I authorize payment of medical benefits to the health care provider for any necessary services and the release of any medical or other information necessary to process claims for visits incurred. In addition, I give the camp medical staff permission to administer other over-the-counter medications they deem necessary. I confirm that, to the best of my knowledge, my child is not allergic to any medications other than those listed on the Health History Form. I certify that the information provided on the Health History Form is true and complete. My child has been immunized against Measles, Mumps, Rubella, Polio, Diphtheria, Tetanus Toxoids, Pertussis, and (if born after 12/31/1992) Hepatitis B.

I understand activities my child may participate in at Camp Hi-Rock such as, but not limited to, high or low ropes courses, water activities, climbing wall, hiking and target sports pose inherent risk of physical or emotional injury, and require physical exertion. I believe my child is in good health and participation in such activities will not aggravate any medical conditions my child may have.

I further grant any pictures or video taken of my child at camp may be used for publicity and promotional purposes. I authorize YMCA Camp Hi-Rock to photograph or film and use, reproduce, assign and or/ distribute photographs, slides, sound recordings and video of my child as needed for its records and marketing and public relations programs.

My child will not possess nor be under any influence of any illegal or recreational drug, including alcohol or marijuana, while participating in any activities at YMCA Camp Hi-Rock.

I give permission for the camp staff to test my child for COVID-19 in accordance with guidance from the Massachusetts Department of Public Health, agents of the Mount Washington Board of Health or guidance from the camp's Health Care Consultant.

I give permission for my child to use hand sanitizer while at camp.

I have read and understand the camp rules. I will ensure my child is aware of and will comply with these rules. I accept responsibility for my child's behavior. I have had sufficient opportunity to read this document, have read and understand its meaning, and agree to be bound by its terms. This completed form may be photocopied.

Meningococcal Disease and Camp Attendees: Commonly Asked Questions

What is meningococcal disease?

Meningococcal disease is caused by infection with bacteria called *Neisseria meningitidis*. These bacteria can infect the tissue (the “meninges”) that surrounds the brain and spinal cord and cause meningitis, or they may infect the blood or other organs of the body. Symptoms of meningococcal disease may appear suddenly. Fever, severe and constant headache, stiff neck or neck pain, nausea and vomiting, and rash can all be signs of meningococcal disease. Changes in behavior such as confusion, sleepiness, and trouble waking up can also be important symptoms. In the US, about 350-550 people get meningococcal disease each year and 10-15% die despite receiving antibiotic treatment. Of those who survive, about 10-20% may lose limbs, become hard of hearing or deaf, have problems with their nervous system, including long term neurologic problems, or have seizures or strokes. Less common presentations include pneumonia and arthritis.

How is meningococcal disease spread?

These bacteria are passed from person-to-person through saliva (spit). You must be in close contact with an infected person’s saliva in order for the bacteria to spread. Close contact includes activities such as kissing, sharing water bottles, sharing eating/drinking utensils or sharing cigarettes with someone who is infected; or being within 3-6 feet of someone who is infected and is coughing and sneezing.

Who is most at risk for getting meningococcal disease?

People who travel to certain parts of the world where the disease is very common, microbiologists, people with HIV infection and those exposed to meningococcal disease during an outbreak are at risk for meningococcal disease. Children and adults with damaged or removed spleens or persistent complement component deficiency (an inherited immune disorder) are at risk. Adolescents, and people who live in certain settings such as college freshmen living in dormitories and military recruits are at greater risk of disease from some of the serotypes.

Are camp attendees at increased risk for meningococcal disease?

Children attending day or residential camps are **not** considered to be at an increased risk for meningococcal disease because of their participation.

Is there a vaccine against meningococcal disease?

Yes, there are 2 different meningococcal vaccines. Quadrivalent meningococcal conjugate vaccine (Menactra, Menveo and MenQuadfi) protects against 4 serotypes (A, C, W and Y) of meningococcal disease. Meningococcal serogroup B vaccine (Bexsero and Trumenba) protects against serogroup B meningococcal disease, for age 10 and older.

Should my child or adolescent receive meningococcal vaccine?

That depends. Meningococcal conjugate vaccine (MenACWY) is routinely recommended at age 11-12 years with a booster at age 16 and is required for school entry for grades 7 and 11. In addition, these vaccines may be recommended for additional children with certain high-risk health conditions, such as those described above.

Meningococcal serogroup B vaccine (Bexsero and Trumenba) is recommended for people with certain relatively rare high-risk health conditions (examples: persons with a damaged spleen or whose spleen has been removed, those with persistent complement component deficiency (an inherited disorder), and people who may have been exposed during an outbreak). Adolescents and young adults (16 through 23 years of age) who do not have high risk conditions may be vaccinated with a serogroup B meningococcal vaccine, preferably at 16 through 18 years of age, to provide short term protection for most strains of serogroup B meningococcal disease. Parents of adolescents and children who are at higher risk of infection, because of certain medical conditions or other circumstances, should discuss vaccination with their child’s healthcare provider.

How can I protect my child or adolescent from getting meningococcal disease?

The best protection against meningococcal disease and many other infectious diseases is thorough and frequent handwashing, respiratory hygiene, and cough etiquette. Individuals should:

1. wash their hands often, especially after using the toilet and before eating or preparing food (hands should be washed with soap and water or an alcohol-based hand gel or rub may be used if hands are not visibly dirty);
2. cover their nose and mouth with a tissue when coughing or sneezing and discard the tissue in a trash can; or if they don’t have a tissue, cough or sneeze into their upper sleeve.
3. not share food, drinks or eating utensils with other people, especially if they are ill.
4. contact their healthcare provider immediately if they have symptoms of meningococcal disease.

If your child is exposed to someone with meningococcal disease, antibiotics may be recommended to keep your child from getting sick.

You can obtain more information about meningococcal disease or vaccination from your healthcare provider, your local Board of Health (listed in the phone book under government), or the Massachusetts Department of Public Health Divisions of Epidemiology and Immunization at (617) 983-6800 or on the MDPH website at <https://www.mass.gov/info-details/school-immunizations>.
