LODGING

2022 Family Camp Registration

Please provide 1st and 2nd choices for housing. We will do our best to honor housing requests through a complete registration form (or online registration) received with deposit in the order they are received. Returning families will be given priority to reserve the same housing they have had in previous years until March 23, 2022. After March 23, 2022 housing will be assigned on a first come first served basis. Deposits without complete registration forms (or online registrations) will not serve to reserve housing. If multiple returning families have had the same housing in prior years (for example, if two families stayed in the same cabin for different parts of the week in prior years) camp staff will use their discretion, in consult with the board of directors, to assign housing taking all families' preferences into account. Lodge space is limited and will be assigned according to the parameters above.
